Residential customer

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Dominion purchased SCANA & SCE&G with complete knowledge of the economics of the business.

I object to this rate increase:

1. Producer price indices have nothing to do with utility rates.
2. Dominion fired bunches of staff at SCANA/SCE&G.
3. They have not increased pay for staff. They have consolidated functions by centralization at Dominion headquarters.
4. The cost of coal and natural gas have remained low or declined since the purchase.
5. There have been no unusual investment, operation or maintenance costs.
6. Any recent data is grossly affected by temporary reduced demand due to COVID-19.
7. Un-seasonal weather in the 2019-2020 heating season should be ignored as abnormal.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
